Item Number	Description
4604747501	PT-4C500 4 Conductor, 500 foot, Silver Satin
4604767501	PT-6C500 6 Conductor, 500 foot, Silver Satin
4604847501	PT-8C500 8 Conductor, 500 foot, Silver Satin

Receiver

- Dynamic transducer
- Hearing-aid compatible
- Varistor for strong signal suppression
- Screw terminals

Item Number	Description
4632227501	Receiver

Transmitter Cup and Transmitter

Transmitter Cup

- Two conductor
- Molded modular connector retainers
- Order modular jack separately

Transmitter

- Mute
- Carbon element
- Carbon coated internal electrodes
- Dynamic resistance: 40-100 OHMS

Item Number	Description
4691997501	Transmitter Cup
4650017501	Transmitter

DTMF Dial Pad Assembly

- Industry standard DTMF generator
- Polarity guard
- Transmitter/receiver control
- Rubber/carbon contact element
- Industry standard "METRO" type (letters and numerals white and gray)

Item Number	Description
4670597501	Standard tone dial (desk and wall)
4671847501	Tone dial with message waiting (desk)
4671857501	Tone dial with transfer access (desk)
4671867501	Tone dial with transfer access and message waiting (desk)
4672987501	Tone dial with transfer access (wall)
4672977501	Tone dial with transfer access and message waiting (wall)

Multi-Contact Hookswitch

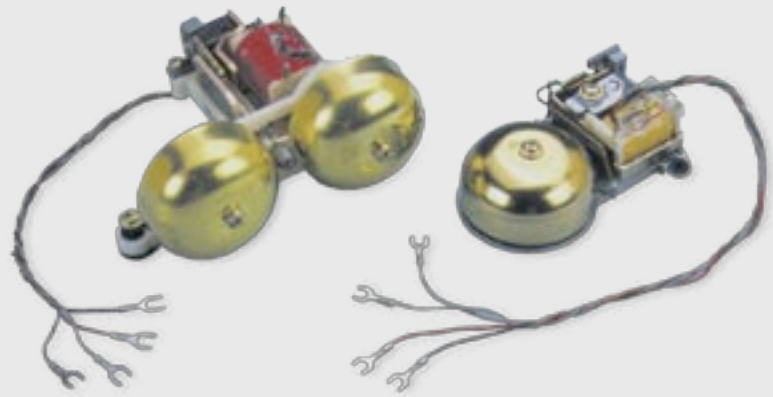

- Contacts: 1 transfer, 1 make, 1 break
- Palladium contact welded to copper springs
- Dust/protective cover
- Rivet holes for secure mounting to base plate

Item Number	Description
4617527501	Multi-Contact Hookswitch

Volume Control Accessories

G-Type Hollow Handsets

Color	Item Number

Standard Transmission Network

- Standard 2500 design
- Discrete components
- Transformer Hybrid
- Quad connecting pins
- Extra terminals for applications wiring
- Plastic holder riveted to base (optional)

Item Number	Description
4612567501	Less Holder
4631037501	With Holder

Premier's® complete selection of replacement components for single-line telephones meet or exceed FCC Standards, Part 68, and EIA-RS-470 specifications for transmission, and have passed America's toughest lab tests. Premier parts are fully interchangeable with all other industry standard telephones. Housings are available in standard industry colors finished to a high gloss. Premier plastics are injection molded, and are constructed of ABS plastic.
